

External Trips at Toynbee

Vision:

We want pupils to have opportunities beyond the classroom to give them an enriching experience that helps widen their experience of the world around them.

The past couple of years, due to Covid, have seen external visits difficult to facilitate, but with a brighter future, we are building up the offer of external trips for pupils across all year groups to contribute to their broader development at school.

External Trips on offer:

The following table shows trips that have taken place over the past two years, along with new trips that are planned for the upcoming year and beyond.
