### 1.0 Policy rationale and aims

- 1.1 The Governing Body of Toynbee School, in partnership with the Headteacher have responsibility for ensuring that special education needs (SEND) provision is made for all pupils with SEND who attend the school. This policy builds on our School Inclusion Policy and the school SEND Information Report, which recognises the entitlement of all pupils to a balanced, broadly based curriculum. Our SEND policy reinforces the need for teaching that is fully inclusive.
- 1.2 We recognise that many pupils will have special needs at some time during their school life. In implementing this policy, we believe pupils will be helped to overcome their difficulties. The Toynbee School is committed to the removal of barriers to learning for all children and young people with SEND, promoting social inclusion and encouraging lifelong learning enabling them to achieve their potential and reach their goals. All aspects of this policy document are applicable to SEND pupils.

### 2.0 Partnership with Parents and Carers

- 2.1 Toynbee School recognises that parents have a unique overview of the child's needs and how best to support them, and that this gives them a key role in the partnership. The school will make available, through communicating on the school's portal and parent mail, information about courses to all parents of pupils with SEND, and the details of the parent partnership service available through the LA.
