Dear Parents and Carers

I would like to thank you for your support with uniform and equipment it is making a difference to ensure that all our pupils are prepared for learning. A special thanks to the parents of year 11 who attended in numbers to the Careers Evening. It was great to see so many of you again after a long period where we were not able to run events.

Due to the number of pupils leaving outside the front of the school can we please ask parents to not enter the school gates with cars unless they have a child who needs to be picked up for medical reasons. The school is very busy and there is a real danger that an accident may occur when we have additional cars on site. Thank you for your cooperation with this.

Can we please ensure that pupils come to school with a water bottle as we have a lot of pupils going to the medical room for a cup and water when there is multiple water fountains around the school.

We are looking to set up a uniform shop as well as other support for families. We are acutely aware of the cost-of-living crisis, and this is one of the ways we will be offering help. We already have some spare uniforms but if you can donate any uniform no longer used that would be great. We can then offer this to families who need some support. The shop will be open once a month in the canteen at school. Further details to follow.

Finally, from me, spaces on the Open Mornings on the 10th, 11th and 12th of October are filling up rapidly, if you are considering Toynbee for you child please contact the school, the flyer is on the front of the school website.

Year 10

It's been another busy week for year 10 and they are continuing to impress me with their hard work and dedication in lessons. I have enjoyed popping into lessons and tutor time throughout the week and hope to continue catching them all hard at work!

It was lovely to see so many of you at the year 10 Careers Evening on Tuesday. If you have any further questions about plans for Work Experience, please do not hesitate to get in touch. I will be talking to the pupils about starting to make plans for where they would like to go for their week and would like each student to experience this fantastic opportunity.

Well done to 10MA who currently have the most Proud Points in our year group. Keep up the excellent work - I will be awarding prizes to the individual students and the tutor group with the most Proud Points and Achievement Points at the end of each half term!

Have a wonderful weekend.

Personal Development

This week we have been focusing on giving to others to improve wellbeing. People who show a greater interest in helping others are more likely to rate themselves as happy, we looked at the science of kindness using this video: <https://www.youtube.com/watch?v=O9UByLyOjBM> and then came up with some ideas of ways to show kindness to others this week.
