

Scheme of Learning: Architecture Spring Term-Year 10

Topic Sequence:

YEAR 10 AUTUMN 1+2
Structure

YEAR 10 SPRING TERM 1+2
Architecture

Year 10 SUMMER 1+2
Pattern & Culture

Topic Overview:

Last term students were exposed to new 2D and 3D artists alongside the Knit and Stitch show exhibitors, so they have developed their knowledge and skills of art textile techniques and artists, a great foundation to build upon going in the Spring Term.

This term is where the students continue their personal projects responding to personalised sub themes from the overall topic 'Architecture'. Students will focus on three artists. Two of which have been pre-selected by the Art Textiles department (Harriet Popham and Antoni Gaudi), and one of which students will research themselves.

- AO1- Develop ideas through investigations, demonstrating critical understanding of sources.
- AO2- Refine work by exploring ideas, selecting and experimenting with appropriate media, materials, techniques and processes.
- AO3- Record ideas, observations and insights relevant to intentions as work progresses.
- AO4- Present a personal and meaningful response that realises intentions and demonstrates understanding of visual language.

Lesson Sequence:

The lessons have been sequenced weekly to provide a detailed investigation fulfilling all coursework assessment criteria, responding to the given project theme 'Architecture'. All projects are unique and personal to all students, but the knowledge and skills taught and learnt are the same detailed below.

AO1- Students start with written and visual mind maps and mood boards to respond to secondary sources including newspaper articles and collected inspiring images of work/society. This is introduced as a home learning task. AO1/AO3- Students take photos, edit contact sheets and produce drawings and recordings from their own photography and collected objects for observational drawing/recordings to help to formulate ideas for the project.

AO1- Students complete detailed artist research and analyse the work of appropriate art textile artists/movements and sources linking their own and their artist's ideas back to the coursework theme. Students are given a suggested list of artists linking to their Spring Term project 'Architecture' but are also encouraged to research their own artists.

AO1/AO3- Students start to make artwork using art textiles in the style of their chosen artists, responding to the coursework theme. Each artist section shows good quality practical and written work, experimentation of art materials and ideas alongside personal reflections and observations.

AO2/AO3- The work will be refined further, and each artist section should link to the overall project theme 'Architecture' and sub theme chosen by the student.

AO1/AO2- Initial ideas linking to coursework theme 'Architecture' and student personal theme need to be shown, explained and linked to art textile artists and society (SMSC). Ideas need to be refined and a planned chosen final design idea needs to evolve.

AO2/AO3- Every aspect of the final piece needs to be tested, reviewed and refined e.g., colours, techniques, layout, size, texture, link to artist/s etc. Nothing can be left to chance.

AO4- Design and make a meaningful and personal response using art textile techniques, responding to appropriate sources. The final piece should showcase students' skills and knowledge.

Key Words- Develop, respond, sources, critical understanding, experiment, refine, record, personal response, skill, knowledge, competent, confident, exceptional, sustained, creativity, Harriet Popham, Antoni Gaudi, Knit and Stitch Show 2023 and Royal Institute of British Architects (RIBA).
