## GCSE Dance Knowledge Organiser – Infra

Stimulus  Life beneath the surface of a city. Human interactions.  "Under the brown fog of a winter dawn. / A crowd flowed over London Bridge, so many."  T.S. Eliot: The Wasteland 7/7	Aural Setting String instruments, electronic sounds and everyday sounds such as train whistles	<u>Dance Style</u> Contemporary Ballet	<u>Choreographer</u> Wayne McGregor	Costum Fitted shorts, vests, flesh, black, grey. O dancer wears a wro skirt. One male dan	t-shirts in the female ap-around acer wears	Performance Environment Proscenium arch/theatrical setting	<u>Lighting</u> White, green, orange, blue, dark intensity throughout, side lights, 6 white rectangles.
Themes Relationships, seeing below the surface, human interactions  Choreographic Intention Seeing below the surface  Types of relationships  Pedestrian language	Dancers  12 6 male 6 female  Choreographic Approach SHOW MAKE TASK Choreographer worked collaboratively with the dancers. Sections then put together to create	dark and depressing natur city.  Intention – Seeing below t bottom exposed is many o legs of the dancers, which Mood – Dull, monochrome Complements other comp costumes complement the Sculpts body – The tight fi of the dancers' bodies.  Uniformity – The use of bl sense of uniformity	ting costumes and bare legs sculpt the lines ack shorts for most of the dancers creates a s wears trousers but no top to highlight his		Set Contributions Stimulus – Life beneath the surface – dancers literally performing below the surface of the LED screen. Intention – Human interactions – lack of set underneath the screen enhances the focus on the dancers and their interactions with one another  Mood – darkness with light only focusing on dancers' bodies creates a serious mood  Complements other components – black set and white lights on the LED screen complement the monochrome costumes  Geographical context – the LED screen has animations of everyday people walking across, suggesting a city location.  Context – as they are underneath the screen, the location could be dwellers who live in basements or homeless people who live under bridges.		
Open for interpretation	sentences, paragraphs and finally pieced together with the accompaniment.  Set Black stage and floor 18M LED screen showing animated figures walking across	Aural Setting Contributions Stimulus –The use of everyday sound such as a train whistle highlights the stimulus of 'life below the surface of a city' as this is a typical everyday sound you would hear when living or working in a city.  Intention – The use of sound effects such as the sound of a train passing highlights the intention of 'life below the surface' as it sounds the sound is similar to if you were stood under a rail bridge listening to trains passing over.			Lighting Contributions Stimulus – Beneath the surface – lights light the floor only suggesting 'below' or 'low' Intention – Human interactions – lighting used to light the duets dancing and no other space, so that whole focus is on the interactions between the dancers Mood – Intense – use of dark lighting creates an intense mood Complements other components – use of white lights to light dancer's bodies complement the monochrome costumes.		

**Mood** – the use of string instruments creates a sombre and sad

Complements other components – the use of classical strong

instruments complements the classical ballet style of the piece

**Structure** – the aural setting works with the lighting to support each section of the work, informing the audience of the

**Sculpts bodies** – white light sculpts the bodies of the dancers **Highlights dancer** – dancers are specifically lit to highlight them

**Highlights dance space** – white rectangles dictate dance space.
