Topic Overview:

This is the first topic of the MFL KS3 course and focuses on students' ability to provide personal information about themselves, both in written and spoken form. The main focus of the topic is to develop students' fluency in answering the 'golden questions' of the topic as stated below. Students will also gain familiarity with using the 3rd person to describe someone else. By the end of the unit, students will have been exposed to a variety of listening and reading texts and will use these as models to assimilate the key chunks of language they need to acquire.

Developing students' phonic awareness in the foreign language will also be a key focus for this unit and students will be introduced to a variety of SSCs (sound-symbol correspondences) throughout the unit through the use of sentence builders (the knowledge organisers we use in MFL).

It is worth mentioning that all our topics are based on routine retrieval practice and activating prior knowledge on a regular basis, so all topic listed below are revisited within the sequences of lessons further on in the topic.

Lesson Sequence:

This topic is formed of five different elements of introducing yourself and another person in French/Spanish. Each element spans approximately four lessons. The lesson sequence starts with the introduction of a sentence builder (knowledge organiser) which is modelled to students in the first lesson. Students also have exposure to the language through a wider range of reading and listening texts which have been artificially created raise awareness of the key phonics, grammar and vocabulary from the unit. Eventually, towards the end of the four-lesson sequence, students are able to use the language in a structured environment, slowly removing the support of the sentence builder as they progress.

The 'golden questions' of the unit which students will use to describe themselves are:

- What's your name?
- How are you?
- Where do you live?
- How old are you?
- When is your birthday?
- What colour are your hair/eyes?
- What is your personality like?

As mentioned, students will also need to answer these questions about someone else (a family member, a friend, even a pet!) in order to practise use of the 3rd person.

With regards to grammatical sequencing, the structures students will focus on include the 1st, 2nd and 3rd person singular forms of some key irregular verbs, including:

1. *I am called, you are called, he/she is called*
2. *I am, you are, he/she is*
3. *I live, you live, he/she lives in*
4. *I have, you have, he/she has*

They will also look at some further grammatical structures listed below:

1. *intensifiers*: very, quite, a little
2. *negatives*
3. *adjectival agreement*: describing people using adjectives

Sequence of Lessons:

1	Name, how you are feeling, where you live: Modelling & awareness raising
2	Name, how you are feeling, where you live: Receptive processing
3	Name, how you are feeling, where you live: Structured production

Topic Overview:

This is the second topic of the MFL KS3 course and focuses on students' ability to describe both places and things and learn how to give opinions and justify them. The main focus of the topic is to develop students' fluency in answering the 'golden questions' of the topic as stated below. =By the end of the unit, students will have been exposed to a variety of listening and reading texts and will use these as models to assimilate the key chunks of language they need to acquire.

Developing students' phonic awareness in the foreign language will also be a key focus for this unit and students will be introduced to a variety of SSCs (sound-symbol correspondences) throughout the unit through the use of sentence builders (the knowledge organisers we use in MFL).

It is worth mentioning that all our topics are based on routine retrieval practice and activating prior knowledge on a regular basis, so all topic listed below are revisited within the sequences of lessons further on in the topic.

Lesson Sequence:

This topic is formed of four different elements of describing a school in French/Spanish. Each element spans approximately four lessons. The lesson sequence starts with the introduction of a sentence builder (knowledge organiser) which is modelled to students in the first lesson.

Students also have exposure to the language through a wider range of reading and listening texts which have been artificially created raise awareness of the key phonics, grammar and vocabulary from the unit. Eventually, towards the end of the four-lesson sequence, students are able to use the language in a structured environment, slowly removing the support of the sentence builder as they progress.

The 'golden questions' of the unit which students will use to describe life at school are:

- What do you have in your bag?
- What is there in your school?
- What subjects do you study? What subjects do you like/dislike? Why?
- What time is it?

With regards to grammatical sequencing, the structures students will focus on this topic include:

1. I have, you have, he/she/it has (consolidated), we have (introduced)
2. There is/isn't
3. I need
4. I study/ you study/we study/to study
5. Connectives: but, however, and, because
6. On + day of the week
7. Definite articles
8. Adjectival agreement: school subjects and adjectives

Sequence of Lessons:

1	Items you have / don't have: Modelling & awareness raising
2	Items you have / don't have: Receptive processing
3	Items you have / don't have: Structured production
4	Items you have / don't have: Expansion. CHECKPOINT 1.

Topic Overview:

This is the third topic of the MFL KS3 course and focuses on students' ability to describe and identify people and discuss their relationship with them. They also describe normal free time activities. The main focus of the topic is to develop students' fluency in answering the 'golden questions' of the topic as stated below. By the end of the unit, students will have been exposed to a variety of listening and reading texts and will use these as models to assimilate the key chunks of language they need to acquire.

Developing students' phonic awareness in the foreign language will also be a key focus for this unit and students will be introduced to a variety of SSCs (sound-symbol correspondences) throughout the unit through the use of sentence builders (the knowledge organisers we use in MFL).

Introducing myself and others	Life at school	My family and hobbies	My holidays	My health	My rights and responsibilities	Socialising with family and friends	Out and about abroad	Education around the world

Topic Overview:

As students enter Year 8, we want to develop their ability to accurately narrate events in the past, using effective sequences and giving opinions along the way. This means that a large focus of this topic is looking at the perfect/preterite tense (French/Spanish respectively). The main focus of the topic is to develop students' fluency in answering the 'golden questions' of the topic as stated below. We also want them to develop their ability to give as much detail as possible in their written and spoken answers, when asked a simple question such as 'where did you go on holiday last year?'

By the end of the unit, students will have been exposed to a variety of listening and reading texts and will use these as models to assimilate the key chunks of language they need to acquire.

At this stage, students' should have a good phonic awareness and this will continue to be developed as a key focus throughout Year 8. Students will regularly read texts aloud and practise their transcription skills.

It is worth mentioning that all our topics are based on routine retrieval practice and activating prior knowledge on a regular basis, so all topic listed below are revisited within the sequences of lessons further on in the topic. Students will also have regular retrieval opportunities from topics 1-3 listed above.

Lesson Sequence:

This topic is formed of five different elements of narrating a past holiday in French/Spanish. Each element spans approximately four lessons. The lesson sequence starts with the introduction of a sentence builder (knowledge organiser) which is modelled to students in the first lesson. Students also have exposure to the language through a wider range of reading and listening texts which have been artificially created raise awareness of the key phonics, grammar and vocabulary from the unit. Eventually, towards the end of the four-lesson sequence, students are able to use the language in a structured environment, slowly removing the support of the sentence builder as they progress.

The 'golden questions' of the unit which students will use to describe a past holiday are:

- Where did you go on holiday? (When? Where? Who with? How did you travel there?)
- How was it?
- What did you do?
- Where did you stay? (What was it like?)
- What was the weather like?

With regards to grammatical sequencing, the structures students will focus on this topic include:

1. I went / we went/ you went
2. I stayed, we stayed, you stayed
3. Perfect/preterite tense of regular verbs: To travel, to visit, to eat, to buy, to swim (I, we, you focus)
4. To + name of a place
5. It was / there was
6. Irregular verbs in the perfect/preterite tenses
7. Weather phrases
8. Time markers in the past: ... ago, last year
9. Sequencers: firstly, then, after

Introducing myself and others	Life at school	My family and hobbies	My holidays	My health	My rights and responsibilities	Socialising with family and friends	Out and about abroad	Education around the world

Topic Overview:

This topic spans a variety of sub-topics with the overarching theme of leading a healthy lifestyle. Our main communicative goal is to ensure students are able to describe routine behaviour (eating and drinking habits, sporting/leisure activities) but also to give impersonal suggestions and advice for leading a healthy lifestyle. This means that a large focus of this topic is looking at the present tense in French/Spanish with a focus on I/you/we verb forms.

The main focus of the topic is to develop students' fluency in answering the 'golden questions' of the topic as stated below.

We also wanted to include some practical, real-life use of the language by including a unit on describing aches/pains and illnesses.

By the end of the unit, students will have been exposed to a variety of listening and reading texts and will use these as models to assimilate the key chunks of language they need to acquire.

At this stage, students' should have a good phonic awareness and this will continue to be developed as a key focus throughout Year 8. Students will regularly read texts aloud and practise their transcription skills.

The 'golden questions' of the unit which students will use to describe their health are:

- What do you eat/drink? (What do you have for breakfast/lunch/dinner/snack?) Why?
- What do you like eating/drinking?
- What do you do to keep fit? (What do you do to relax? How often? Why?)
- What's wrong?
- What should you do to keep healthy?

With regards to grammatical sequencing, the structures students will focus on this topic include:

1. To eat, to drink (I, you, we)
2. Spanish: I have breakfast/lunch/dinner
3. French: Partitive article
4. Expressions of frequency: sometimes/every day/rarely
5. Comparatives: more, less
6. Infinitive phrases to express the future: I have to, I'm going to, I have the intention of
7. Modal verbs: One must, one should, one can, I should, I must
8. It hurts me vs they hurt me
9. Spanish: soy vs estoy

Introducing myself and others	Life at school	My family and hobbies	My holidays	My health	My rights and responsibilities	Socialising with family and friends	Out and about abroad	Education around the world

Topic Overview:

This topic is formed of two sub-topics leading to a responsible life with its rights and duties. Our main communicative goal is to ensure students are able to say what their rights and duties are about different topics (environment and school) but also to give impersonal suggestions and advice for protecting the environment and how to be an eco-friendly school. This means that a large focus of this topic is looking at the present and conditional tense in French/Spanish with a focus on I/you/we verb forms.

The main focus of the topic is to develop students' fluency in answering the 'golden questions' of the topic as stated below.

We also wanted to include some practical, real-life use of the language by including a unit on being able to agree and disagree describing school rules.

By the end of the unit, students will have been exposed to a variety of listening and reading texts and will use these as models to assimilate the key chunks of language they need to acquire.

At this stage, students should have a good phonic awareness and this will continue to be developed as a key focus throughout Year 9. Students will regularly read texts aloud and practise their transcription skills.

Introducing myself and others	Life at school	My family and hobbies	My holidays	My health	My rights and responsibilities	Socialising with family and friends	Out and about abroad	Education around the world

Topic Overview:

The first topic of Year 9 build on students' understanding from Year 7 Term 1 (describing myself and others). As well as regular retrieval of this topic, we introduce how to describe our relationships with others. We also look at the practical situation of making arrangements with people and how to accept/refuse invitations.

Our main communicative goal is to ensure students are able to describe themselves and other people in more detail than at KS3. They also need to be able to make suggestions, so forming questions is a big part of this topic.

The main focus of the topic is to develop students' fluency in answering the 'golden questions' of the topic as stated below.

By the end of the unit, students will have been exposed to a variety of listening and reading texts and will use these as models to assimilate the key chunks of language they need to acquire.

We continue to develop students' accurate implementation of SSCs (sound-symbol correspondence) and this is regularly tested at KS4 through weekly 'checkpoints'. These are not formal assessments but rather an opportunity for students' to practise their receptive skills. Students have a list of 12 words per week to practise outside of lessons. They have 3 sentences to transcribe, 3 to listen and translate and 3 to read and translate.

It is worth mentioning that all our topics are based on routine retrieval practice and activating prior knowledge on a regular basis, so all topic listed below are revisited within the sequences of lessons further on in the topic. Students will also have regular retrieval opportunities from topics 1-3 listed above.

Eventually, towards the end of the four-lesson sequence, students are able to use the language in a structured environment, slowly removing the support of the sentence builder as they progress.

The 'golden questions' of the unit which students will use to describe their family/friends and making social arrangements are:

- Retrieval : Year 7 questions (name, age, personality, how you are feeling, where you live, birthday, siblings and family members, likes/dislikes, favourite school subject)
- Do you get on well with your family? Why?
- Would you like to... / do you want to... / do you feel like...?
- What do you do in your free time?
- What makes a good friend?

With regards to grammatical sequencing, the structures students will focus on this topic include:

1. Present tense of regular verbs (I, we, you, he/she)
2. Question formation (focus you verb forms)
3. Present tense of irregular verbs (to have, to be)- (I, we, you, he/she)
4. Opinion verbs (Spanish- me gusta vs me gustan)
5. What is an infinitive?
6. Reflexive verb: I get on with, you get on with, he/she gets on with, we get on with
7. Comparatives: more, less than

Topic Overview:

The second topic of Year 9 build on students' learning from Year 8 Term 1 and Term 2 (describing a past holiday, discussing diet). As well as regular retrieval of this topic, we introduce practical situations to do with holidays; room booking, complaints, ordering and complaining in a restaurant, asking for tourist information, etc. . We also look at describing the weather.

Our main communicative goal is to make sure students can explain problems and ask questions relating to this, understanding potential solutions. We will also look at narrating events.

The main focus of the topic is to develop students' fluency in answering the 'golden questions' of the topic as stated below.

By the end of the unit, students will have been exposed to a variety of listening and reading texts and will use these as models to assimilate the key chunks of language they need to acquire.

We continue to develop students' accurate implementation of SSCs (sound-symbol correspondence) and this is regularly tested at KS4 through weekly 'checkpoints'. These are not formal assessments but rather an opportunity for students' to practise their receptive skills. Students have a list of 12 words per week to practise outside of lessons. They have 3 sentences to transcribe, 3 to listen and translate and 3 to read and translate.

It is worth mentioning that all our topics are based on routine retrieval practice and activating prior knowledge on a regular basis, so all topic listed below are revisited within the sequences of lessons further on in the topic. Students will also have regular retrieval opportunities from the topics listed above.

Lesson Sequence:

This topic is formed of five different holiday situations in French/Spanish. Each element spans approximately four lessons. The lesson sequence starts with the introduction of a sentence builder (knowledge organiser) which is modelled to students in the first lesson. Students also have exposure to the language through a wider range of reading and listening texts which have been artificially created raise awareness of the key phonics, grammar and vocabulary from the unit.

Eventually, towards the end of the four-lesson sequence, students are able to use the language in a structured environment, slowly removing the support of the sentence builder as they progress.

The 'golden questions' of the unit which students will use to talk about holiday situations are:

- Retrieval : Year 8 questions (past holiday and holiday activities, diet/foods and drinks)
- What sort of room would you like? (with follow up questions)
- What would you like to eat/drink? (with follow up questions)
- Where is the ... ?
- What can you do here?
- What is the weather like?

With regards to grammatical sequencing, the structures students will focus on this topic include:

1. Infinitive structures (I want + infinitive, etc)
2. Question formation (focus question words)
3. Spanish: Ser vs Estar
4. Use of a past tense and present tense to contrast holidays normally and in the past
5. Use of formal 'you'
6. Impersonal verbs 'one can'
7. French: 'boire' focus on irregular present tense endings

Sequence of Lessons:

1	RETRIEVAL: Describing a past holiday
2	RETRIEVAL: Holiday activities
3	Accommodation
4	Booking a room: Modelling & awareness raising
5	Booking a room: Receptive processing
6	Booking a room: Structured production
7	Booking a room: Expansion. CHECKPOINT 1
8	Complaints: Structured production
9	Complaints: Expansion
10	Restaurants: Modelling and awareness raising

Assessments: 2 (+ weekly, smaller 'checkpoints')

Knowledge:	There are three aspects of knowledge that students will be tested on in each checkpoint: grammar, phonics and vocabulary.
Application of Knowledge:	Students will be expected to apply their knowledge in each checkpoint in a range of tasks: reading, listening, writing and translation. The weekly checkpoints are based on GCSE vocabulary lists. They test receptive understanding of vocabulary (French/Spanish into English only)

Topic Overview:

The third topic of Year 9 builds on students' learning from Year 7 Term 2 and Year 8 Term 3 (describing buildings and locations, using impersonal structures). As well as regular retrieval of the topic of school, we compare subjects, facilities and education systems in Spanish-speaking countries. We also recap the Year 9 Term 1 topic of relationships to describe teachers. Finally, we look at giving a balanced argument by discussing the pros and cons of school uniform.

Our main communicative goal is to make sure students can compare and contrast and describe routine behaviour in the present.

The main focus of the topic is to develop students' fluency in answering the 'golden questions' of the topic as stated below.

Lesson Sequence:

This topic is formed of five different key parts of describing school life. Each element spans approximately four lessons. Some of these elements are retrieved from previous years and discussed with more depth and grammatical complexity. The lesson sequence starts with the introduction of a sentence builder (knowledge organiser) which is modelled to students in the first lesson. Students also have exposure to the language through a wider range of reading and listening texts which have been artificially created raise awareness of the key phonics, grammar and vocabulary from the unit. Eventually, towards the end of the four-lesson sequence, students are able to use the language in a structured environment, slowly removing the support of the sentence builder as they progress.

The 'golden questions' of the unit which students will use to talk about holiday situations are:

- What is your school like? (retrieval)
- Do you get on well with your teachers?
- What do you study? (retrieval)
- What are the rules in your school? (retrieval)
- What do you think of the uniform?
- What are the causes of stress at school?

With regards to grammatical sequencing, the structures students will focus on this topic include:

1. The verb TO STUDY: Present, preterite/perfect and near future focus (I/we forms)
2. Direct object pronoun- it/them
3. The best/worst/good/bad thing is/are...
4. It is vs they are
5. Past/present/future of regular verbs

Sequence of Lessons:

1	RETRIEVAL: School subjects and school – related vocabulary
2	RETRIEVAL: School subjects and school – related vocabulary
3	Facilities- what is in your school?
4	School facilities: Modelling & awareness raising
5	School facilities: Receptive processing
6	School facilities: Structured production
7	School facilities: Expansion. CHECKPOINT 1
8	School subjects and opinions: Structured production
9	School subjects and opinions: Expansion
10	Do you get on well with teachers?: Structured production
11	Do you get on well with teachers: Expansion
12	School rules: Structured production
13	School rules: Expansion. CHECKPOINT 2.
14	Uniform: Modelling & processing
15	Uniform: Receptive processing
16	Uniform: Structured production
17	Uniform: Expansion CHECKPOINT 3
18	Stress at school: Modelling & awareness raising
19	Stress at school: Structured production
